

Publishing agreement for e-publication of PhD- or licentiate thesis via LiU E-Press

Linköping University Electronic Press (LiU E-Press) e-publish all PhD and licentiate theses that are examined at LiU, unless there are reasons not to do so due to copyright or confidentiality.

This Agreement between the Author (identified below) and Linköping University via LiU E-Press regulates the publication of the following thesis (henceforth referred to as the Thesis). By signing the Agreement, the Author agrees to [LiU E-Press' terms of publication](#) (Dnr: UB-2021-00042) (henceforth referred to as Terms of publication).

Title of thesis:

Series title:

No (in the series):

Date of disputation:

Monograph theses are published in their entirety, while regarding compilation theses containing articles, only the introductory text is published. Metadata for published articles included in a compilation thesis is registered individually in DiVA with the option to parallel publish the articles in full text.

The Author retains copyright

and elects to publish the Thesis with the following license (select one). [More about licenses and how to select the proper license](#)

- Creative Commons Attribution (CC BY)** (the most accommodating CC license). Lets others distribute, adapt, and build upon the work, as long as they credit the Author for the original creation.
- Creative Commons Attribution Non-Commercial (CC BY-NC)**. Lets others adapt, and build upon the work non-commercially, as long as they credit the Author for the original creation.
- No Creative Commons license**. (If you do not select any option, this option will be chosen by default.)

Liability

Beyond the responsibilities stipulated in the Terms of publication, LiU E-Press will:

- offer readers the option to order the Thesis from LiU's printing office LiU Tryck in print format via the Print-on-Demand service on a cost price basis [Read more](#), and
- assign identifiers (such as ISBN and DOI) to the Thesis.

By signing the Agreement, the Author:

- accepts the Agreement and Terms of publication, including fulfilling accessibility requirements. [Read more \(Swedish\)](#),
- certifies that the chosen Creative Commons license (if applicable) is displayed on the place of publication page in the Thesis [Read more](#), and
- assigns LiU E-Press the non-exclusive right to e-publish the Thesis online via LiU E-Press with the Creative Commons license chosen by the Author (if applicable)
