

BIOGRAPHY

Patchanee Patitad

She was born in Chonburi, Thailand (1985). She has received master degree of Industrial engineering from the Chiangmai University, Thailand (2012). She is a doctoral course student of Muroran Institute of Technology, Japan. She is a member of the System Design Laboratory at Muroran Institute of Technology. She is interested in the fields of interface design and KANSEI engineering.

Hidetsugu Suto

He is an associate professor of the System Design Laboratory, established in 2006 at Muroran Institute of Technology. He has received his Informatics Diploma from the Kyoto University, Japan (2004). He has joined Muroran Institute of Technology in 2006. He is a member of The Society of Instrument and Control Engineers (SICE), The Human Interface Society (HIS), The Japan Society of Kansei Engineering (JSKE), The color science association of Japan, and The Japanese Society for Artificial Intelligence (JSAI).

Suguru Hanita

He belongs to division of Information and Electronic Engineering, Graduate School of Engineering, Muroran Institute of Technology. He is a member of the System Design Laboratory at Muroran Institute of Technology. His research is centered on the effects of interface colors design on operations and emotions.
